1. Arrangements with the S.I.S. and N.I.S. for speeches relating to attache orientation toward CIA in general should continue to be the responsibility of Training.

2. Specifically, insofar as it is feasible, both from the point of view of the director of these training schools and ORR and OSI, ~~to present~~ an adequate general briefing of their needs, ~~this also~~ can be arranged by O/TR.

3. The information as to what attaches are being prepared for what posts is collectable by OCD.

4. While it is deemed inappropriate for ORR and OSI to levy requirements through discussions with attaches (there being a normal channel for such), it is believed that at certain posts a general orientation regarding the nature of research in ORR and OSI would greatly facilitate the attaches' responding to economic and scientific requirements when levied through normal channels, *or references*.
Re Soumar Deonis.
Specifically, this point is raised in connection with the implementation of the travel folder program headed by ORR. It is believed by Training that meeting this need is not primarily or substantially a Training problem and that somewhere in DD/I the responsibility for judging the validity and utility of special briefings and the making of arrangements therefor should be handled.

§ 500 mdt

5. After OSI and ORR, have provided to OIC a statement of the kind of briefing they wish to provide outgoing attaches, OIC with or without those Offices, as appropriate, will sit down and discuss with those in the Military responsible for attaches the propriety and the means whereby whatever briefing is permissible may be discharged.
